

## Handy E-Safety Websites While Your Children Are Working From Home.

Think u know 4 -7 - <https://www.thinkuknow.co.uk/4-7/>

Think u know 8-10 - <https://www.thinkuknow.co.uk/8-10/>

Useful website that encourage children to think about their online safety, and how they can help themselves if any issues arise. The children's in school computing lessons are based around the information given within this site.

For younger children there are videos including a song to join in with. For older children there are online safety games to support what they already know, as well as advising them on what to do when they need help.

There is also support for parents/carers, with ideas on how you can help your children, with links on who to turn to if you have any concerns.

Childnet - Parents and carers - <https://www.childnet.com/parents-and-carers>

Childnet - Young people - <https://www.childnet.com/young-people/primary>

Developed by the children's internet charity Childnet International. This website supports parents and carers in an ever changing digital world. It covers, amongst other topics, discussing with your child how they should keep themselves safe online, along with advice on parental controls.

The young people's page gives children activities and advice as well as information on staying safe online using SMART Rules.

Vodafone Digital Parenting - <https://www.vodafone.co.uk/mobile/digital-parenting/>

This website is full of useful advice. There are videos, tips, and even an article on how to make a digital family pledge, so that you can work more closely with your children.
