22nd May 2020

Dear Parents and Carers,

You will have received a letter about the expansion of provision at the school from Mr Seeman and it is in this context that we are writing.

The planning for this expansion has been complex and involved balancing information from the government with the needs of our school. The governors have been consulted at all stages of the planning process and we are confident that the operating plan for the school offers the best that we can achieve for the children and that the risk to both children and staff will be managed effectively.

We would like to emphasise that we fully support the plan that Mr Seeman and the staff team have produced. This complicated plan has been turned around in a very short space of time following the Prime Minister's announcement and we appreciate the efforts of everyone involved.

You can help us to make the expansion a success by carefully reading the detailed information in Mr Seeman's letter and following the instructions contained. **In particular please let the school know if your child will be attending.** When the children return please be patient with our staff team if there are any minor glitches that need ironing out and remember that we are all working together for the benefit of the children.

We look forward to welcoming more children back into school and thank you for your support.

Yours sincerely,

Matt Bodmer / Peter Hobbs
Joint Chairs of Governors
