

Autumn- Term 2

This is an overview of your child's second term in Reception.

Literacy

Throughout this term, our focus will be on learning our new phonic sounds and applying these when reading and writing.

Please continue to support your child with oral blending and oral segmenting and please do upload videos on Tapestry for us to see.

Please also continue to practise recognising and writing the sounds that we have already learnt (s,a,t,p,i,n,m,d), as well as the new sounds that we learn over the term.

Remember to encourage and praise all attempts of reading and writing.

Mathematics

1 2 3 4 5

During this term, your child will be focusing on numbers 1-5. We will be looking at these numbers in depth, thinking about how each number can be made. For example, 5 can be made from 1 and 4, 2 and 3 etc.

We will also be introducing what is one more and one less than a given number up to 10. For example, one more than 6 is 7 and one less than 6 is 5.

Please continue to support your child at home with accurate touch counting and number recognition using their target number cards.

Topics

We have all settled back into school and have enjoyed getting stuck into our new topics.

This term we will be learning about:

Fireworks

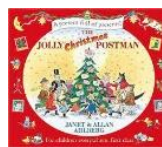

Diwali

Autumn

The Nativity

The Jolly Christmas Postman

Christmas
